

Good morning,

Just a quick reminder that EMT continuing education is starting back up and our first session for 2021 is scheduled for the 20th at 6:00 PM. This month's topics include: Patient Assessment

- Wellness of the EMT
- Firefighter CPR
- Review of the Stryker Power-load Stretcher

EMTs must register through the Greenville County EMT CEP / Prisma Health website (<https://ghscme.ethosce.com/homepage>) and attendance is capped at 12 persons due to COVID-19. Non-EMTs may attend the training as long as we do not exceed the 12-person limit.

Also, due to the Healthy Greenville 2036 grant running out July 1, skill sessions will be offered in June rather than July this year. After July, the program will be absorbed by Greenville County EMS and how CEP and skills competencies will be evaluated is still under development. So plan on getting you skills verified in June and don't put it off.

If you do complete a webinar, please provide a copy of the certificate of attendance to Captain Rafferty so we can include it in our monthly training records.

Thanks!

Sincerely,

Robert Staples, MS, CFO, EFO

Fire Chief

Glassy Mountain Fire Service Area

## ESIP Webinar Training Schedule
