

# GLASSY MOUNTAIN FIRE DEPARTMENT MSA RIT PACK TRAINING

"Preserving Our Heritage - Protecting Our Future"

## All Personnel

Good afternoon;

The new MSA RIT Pack has been placed in service on E34. Please review the 2 attached videos, they will give you an idea of how the pack works with the bottle and SCBA set up including the Buddy Breathing connection. Please take some time to look these over and become familiar with the RIT Pack set up. If we can return to in-person training in May we will add this to both the scheduled training opportunities. If not, we will conduct a hands-on orientation as soon as we return to some form of normalcy.
