

Good afternoon,

While you may be cooped up at home or maybe even at work; there is an opportunity to get some timely training on the COVID-19 disease. The information below has links for free training about Coronavirus and what you need to know. This information changes almost daily and keeping up with what is developing is important.

Stay well! Stay safe! And thanks for all you do.

Sincerely,

**Robert Staples, MS, CFO, EFO
Fire Chief
Glassy Mountain Fire Department

CORONAVIRUS

What You Need to Know about COVID-19

Katherine West, RN, BSN, MEd, is an infection control consultant who has worked with fire/EMS groups bringing infection control practices and training since 1978. She's also a member of the JEMS Editorial Board. This webcast will present what emergency medical providers need to know about COVID-19. In this informative and timely presentation, Katherine West reviews what we know about COVID-19 so far; Its origin, signs and symptoms, risk groups, modes of transmission, PPE, disinfection practices, and promising treatments. Will then open the discussion to you, the ones on the front lines of this world crisis.
